

Portable Air Assisted Airless Spray Package

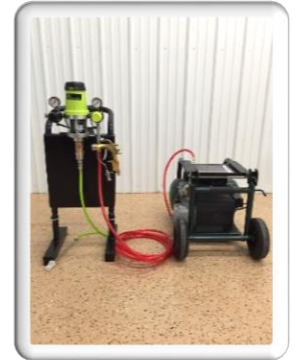

The GA10060 from GRAPEK ACTION is a portable Air Assisted Airless Spray Package.

Use as a self-contained unit for water based applications or use the remote pump mount for solvent based applications.

Specifications

*10:1 Ratio Stainless Steel Pump
Xcite Air Assisted Airless Spray Gun
2.5hp 115v Air Compressor
5.3 Gallon Tank
Remote Pump Mount
1 Gallon Suction Assembly
25ft Fluid & Air Hose Set
20ft Supply Hose*

Easily install and remove the pump from the unit using the convenient, four arm hand knob. This will aid in protecting the pump during transport.

Easily switch from a self-contained unit to the remote pump by using the two steel wire locked pins.

Ultimate pump control with slow movement during pump priming at very low air pressure. Constant, pulse free delivery for superior finish. Easy flushing with less waste.

Item No. GA10060
